Mission statement

At Kinoulton Primary, we are proud to be an inclusive school where every child is valued and supported. We understand that many pupils may experience special educational needs at some stage in their school journey, and our aim is to provide the right support to help each child reach their full potential. We recognise that a range of factors can contribute to the difficulties some children face, and we believe the best outcomes are achieved through a collaborative approach by working in partnership with parents, teachers and pupils.

Definitions of special educational needs (SEND) taken from the Special Educational Needs and Disabilities Code of Practice (January 2015).

A child or young person has SEND if they have a learning difficulty or disability which calls for special educational provision to be made for them. A child of compulsory school age or a young person has a learning difficulty or disability if they:

- a) have a significantly greater difficulty in learning than the majority of others of the same age; or
- b) have a disability which prevents or hinders them from making use of educational facilities of a kind generally provided for others of the same age in mainstream schools or mainstream post-16 institutions.

A child under compulsory school age has special educational needs if they fall within the definition at (a) or (b) above or would do so if special educational provision was not made for them.

Children must not be regarded as having a learning difficulty solely because the language or form of language of their home is different from the language in which they will be taught.

www.education.gov.uk/schools/pupilsupport/sen

1. Aims and objectives

Aims

We aim to provide every child with access to a broad and balanced education. This includes the National Curriculum in line with the *Special Educational Needs and Disabilities Code of Practice*.

Our aims are:

- To ensure that all pupils have access to a broad and balanced curriculum.
- To provide a differentiated/adapted curriculum appropriate to the individual's needs and ability.
- To ensure the identification of all pupils requiring SEND provision as early as possible in their school career.
- To ensure that SEND pupils take as full a part as possible in all school activities.
- To ensure that parents of SEND pupils are kept fully informed of their child's progress and attainment.
- To ensure that SEND pupils are involved, where practicable, in decisions affecting their future SEND provision

2. Responsibility for the co-ordination of SEND provision

- The person responsible for overseeing the provision for children with SEND is Simon Paramore (Head teacher).
- The person co-ordinating the day to day provision of education for pupils with SEND is Laura Clackworthy (SENDCO).

3. Arrangements for co-ordinating SEND provision

The SENDCO will hold details of all SEND support records such as provision maps, behaviour and management plans, SEND support plans and subject targets for individual pupils.

All staff can access:

- The Kinoulton Primary School SEND Policy
- A copy of the SEND Register
- Guidance on identification in the Code of Practice (SEND Support and pupils with Education, Health and Care Plans)
- Information on individual pupils' special educational needs, including support plans and provision maps
- Practical advice, teaching strategies, and information about types of special educational needs and disabilities
- Information on current legislation and SEND provision
- Information available through Nottinghamshire's SEND Local Offer

This information is available to all staff in order to aid the effective co-ordination of the school's SEND provision. In this way, every staff member will have complete and up-to-date information about all pupils with special needs and their requirements which will enable them to provide for the individual needs of all pupils.

4. Admission arrangements

The admission arrangements for *all* pupils are in accordance with national legislation, including the Equality Act 2010. This includes children with any level of SEND; those with Education, Health and Care Plans and those without.

The school will work in partnership with parents, specialist services and other settings to make transition arrangements that meet the individual needs of the child. The school SENDCO will create an appropriate transition plan that is achievable within the resources of the school.

5. Specialist SEND provision

We are committed to whole school inclusion. We will work with the child, parents and specialist services to develop our provision to support every child's individual needs. For more information on our provision for inclusion see section **10**. The SENDCO will work with the Family SENDCO (representing The South Wolds Academy and its feeder Primary Schools) as well as the school's senior leadership team to allocate resources and staff appropriately, considering all pupils within school, including those with special needs.

6. Facilities for pupils with SEND

Once a child's specific needs have been identified we will work with the relevant specialist support services to ensure we comply with all relevant accessibility requirements as soon as practically possible. For example:

- Physical environments
- Assistive technology
- Increased access to the curriculum and assistance during examinations
- School transport for curriculum activities

Further information may be found in the school's Accessibility plan.

7. Allocation of resources for pupils with SEND

All pupils with SEND will have access to Elements 1 and 2 of a school's budget which equate to £6,000. Some pupils with SEND may access additional funding. This additional funding might be from a budget which is devolved to and moderated by the Family of Schools (the Family of Schools comprises a secondary school and its feeder primary schools). For those with the most complex needs, additional funding is retained by the local authority. This is accessed through the Family of Schools. The Family SENDCO will refer individual applications to a multi-agency panel, which is administered by the Local Authority, which will determine whether the level and complexity of need meet the threshold for this funding.

The process for allocating resources within the school setting follows this pathway:

1. Discussion between the class teacher and the SENDCO in the first instance to raise a concern. The SENDCO will direct the class teacher to appropriate resources within the school setting that could meet the pupil's needs. The SENDCO and the class teacher will monitor the outcomes of this provision and determine whether progress has been satisfactory or provision requires escalation.
2. If additional resources including staff resources are required to meet the needs of the pupil then a discussion between the SENDCO and Senior Leadership team would take place. Discussion needs to consider different funding streams that are relevant to the pupil's needs. This could include Pupil Premium, Continuing Care Packages and using the Capitation Element of school allocation for inclusive technology and adaptive furniture. The pupil's information will then be recorded on the SEND Provision Map. An individual support plan is drawn up, detailing provision and how it will be co-ordinated.
3. When additional resources have been allocated but the pupil has not progressed as expected, the SENDCO will consider requesting input from external agencies at the South Wolds Family Springboard meeting. The school will co-ordinate this and, with the external professional, monitor, review and evaluate the effectiveness of this provision.
4. If the additional resources required amount to a cost which is greater than the £6000 identified above, then additional funding can be considered by the Family of Schools through the moderation of an AFN bid (Additional Family Need). In the moderation process the child's needs are matched against those of similar needs within the family and funding allocated accordingly. If a child's needs continue to escalate or are at a high level within the AFN category further review and support can be sourced from the LA SEND officers.
5. Pupils identified with more complex needs who have been moderated by the Family of Schools as HLN (Higher Level Needs) will be referred to a multi-agency panel for further funding consideration.

8. Identification of pupils needs

Identification

See definition of Special Educational Needs at start of policy.

A graduated approach:

Quality First Teaching

- a) Any pupils who are falling significantly outside of the range of expected academic achievement in line with predicted performance indicators and grade boundaries will be monitored.
- b) Once a pupil has been identified as *possibly* having SEND they will be closely monitored by staff in order to gauge their level of learning and possible difficulties.

- c) The child's class teacher will take steps to provide differentiated learning opportunities that will aid the pupil's academic progression and enable the teacher to understand better the provision and teaching style that need to be applied.
- d) The SENDCO will be consulted as needed for support and advice and may wish to observe the pupil in class.
- e) Through (b) and (d) it can be determined which level of provision the child will need going forward.
- f) If a pupil has recently been removed from the SEND list they may also fall into this category as continued monitoring will be necessary.
- g) Parents will be informed fully of every stage of their child's development and the circumstances under which they are being monitored. They are encouraged to share information and knowledge with the school.
- h) The child is formally recorded by the school as being under observation owing to concern by parent or teacher but this does not place the child on the school's SEND Register. Parents are given this information. It is recorded by the school as an aid to further progression and for future reference.
- i) Pupil progress meetings are used to monitor and assess the progress being made by the child. The frequency of these meetings is dependent on the individual child's needs and progress being made.

SEND Support

Where it is determined that a pupil does have SEND, parents will be formally advised of this and the decision will be added to school's SEND Register. The aim of formally identifying a pupil with SEND is to help the school ensure that effective provision is put in place and so remove barriers to learning. The support provided consists of a four – part process:

- Assess
- Plan
- Do
- Review

This is an ongoing cycle to enable the provision to be refined and revised as the understanding of the needs of the pupil grows. This cycle enables the identification of those interventions which are the most effective in supporting the pupil to achieve good progress and outcomes.

Assess

This involves clearly analysing the pupil's needs using the class teacher's assessment and experience of working with the pupil, details of previous progress and attainment, comparisons with peers and national data, as well as the views and experience of parents. The pupil's views and where relevant, advice from external support services will also be considered. Any parental concerns will be noted and compared with the school's information and assessment data on how the pupil is progressing.

This analysis will require regular review to ensure that support and intervention is matched to need, that barriers to learning are clearly identified and being overcome and that the interventions being used are developing and evolving as required. Where external support staff are already involved their work will help inform the assessment of need. Where they

are not involved they may be contacted, if this is felt to be appropriate, following discussion and agreement from parents.

Plan

Planning will involve consultation between the teacher, SENDCO and parents to agree the adjustments, interventions and support that are required; the impact on progress, development and/or behaviour that is expected and a clear date for review. Parental involvement will be sought, where appropriate, to reinforce or contribute to progress at home. All those working with the pupil, including support staff will be informed of their individual needs, the support that is being provided, any particular teaching strategies/approaches that are being employed and the outcomes that are being sought.

Do

The class teacher remains responsible for working with the child on a day-to-day basis. They will retain responsibility even where the interventions may involve group or one-to-one teaching away from the main class /subject teacher. They will work closely with teaching assistants and /or relevant specialist staff to plan and assess the impact of support and interventions and links with classroom teaching. Support with further assessment of the pupil's strengths and weaknesses, problem solving and advising of the implementation of effective support will be provided by the SENDCO.

Review

Reviews will be undertaken in line with agreed dates. The review process will evaluate the impact and quality of the support and interventions. It will also take account of the views of the pupil and their parents. The class teacher, in conjunction with the SENDCO will revise the support and outcomes based on the pupil's progress and development making any necessary amendments going forward, in consultation with parents and the pupil.

Parents will be provided with clear information about the impact of support to enable them to be involved in planning the next steps.

Referral for an Education, Health and Care Plan

If a child has lifelong or significant difficulties they may undergo a Statutory Assessment Process which is usually requested by the school but can be requested by a parent. This will occur where the complexity of need or a lack of clarity around the needs of the child are such that a multi-agency approach to assessing that need, to planning provision and identifying resources, is required.

The decision to make a referral for an Education, Health and Care Plan will be taken at a progress review.

The application for an Education, Health and Care Plan will combine information from a variety of sources including:

- Parents
- Teachers
- SENDCO
- Social Care
- Health professionals

Information will be gathered relating to the current provision provided, action points that have been taken, and the preliminary outcomes of targets set. A decision will be made by a group of people from education, health and social care about whether the child is eligible for an EHC Plan. Parents have the right to appeal against a decision not to initiate a statutory assessment leading to an EHC Plan.

Further information about EHC Plans can found via the SEND Local Offer:

www.nottinghamshire.SENDdlocaloffer.org.uk

Education, Health and Care Plans [EHC Plan]

- a. Following Statutory Assessment, an EHC Plan will be provided by Nottinghamshire County Council, if it is decided that the child's needs are not being met by the support that is ordinarily available. The school and the child's parents will be involved in developing and producing the plan.
- b. Parents have the right to appeal against the content of the EHC Plan. They may also appeal against the school named in the Plan if it differs from their preferred choice.
- c. Once the EHC Plan has been completed and agreed, it will be kept as part of the pupil's formal record and reviewed at least annually by staff, parents and the pupil. The annual review enables provision for the pupil to be evaluated and, where appropriate, for changes to be put in place, for example, reducing or increasing levels of support.

9. Access to the curriculum, information and associated services

Pupils with SEND will be given access to the curriculum through the specialist SEND provision provided by the school. This will be, as far as possible, in line with the wishes of their parents and the needs of the individual.

Every effort will be made to educate pupils with SEND alongside their peers in a mainstream classroom setting. Where this is not possible, the SENDCO will consult with the child's parents for other flexible arrangements to be made.

The SENDCO and the class teacher are responsible for the following:

- Keeping staff fully informed of the special educational needs of any pupils in their charge including sharing progress reports, medical reports and teacher feedback.
- Providing regular training and learning opportunities for all staff on the subject of SEND and SEND teaching. School staff should be up to date with teaching methods which will aid the progress of all pupils including those with SEND.
- Making use of all class facilities and space.
- Using in-class provisions and support effectively to ensure that the curriculum is differentiated where necessary.
- Making sure that individual or group tuition is available where it is felt that pupils would benefit from this provision.
- Setting appropriate individual targets that motivate pupils to do their best, and celebrating achievements at all levels.

10. Inclusion of pupils with SEND

The Head teacher and SENDCO oversee the school's policy for inclusion and are responsible for ensuring that it is implemented effectively throughout the school. The school curriculum is regularly reviewed by the Senior Leadership Team to ensure that it promotes the inclusion of all pupils. This includes learning outside the classroom.

The school will seek advice, as appropriate, about individual pupils, from external support services through the termly 'Springboard meetings', Early Help Unit and the Multi-Agency Safeguarding Hub.

Advice will be sought from The Rushcliffe Primary SEMH Partnership for children who have behavioural concerns. Where a behavioural incident warrants exclusion, schools have a duty to inform this service.

11. Evaluating the success of provision

In order to make consistent continuous progress in relation to SEND provision the school encourages feedback from staff, parents and pupils throughout the year. There is also discussion and progress meetings with parents. Pupil progress will be monitored on a termly basis in line with the SEND Code of Practice.

SEND provision and interventions are recorded on a provision map, which is updated when the intervention is changed. These are updated by the class teacher and are monitored by the SENDCO. These reflect information passed on by the SENDCO at the beginning of an academic year and are adapted following assessments. These interventions are monitored and evaluated termly by the SENDCO and information is fed back to the staff, parents and governors. This helps to identify whether provision is effective.

There is an annual formal evaluation of the effectiveness of the school SEND provision and policy. The evaluation is carried out by the SENDCO, Head teacher and SEND Governor and information is gathered from an interview with the SENDCO. Evidence collected will help inform school development and improvement planning.

Some of the questions on the feedback form may include:

- How many children do you have on the SEND register/those with statements or EHC plans?
- What interventions are they receiving and how effective are they?
- How is the support reviewed and if necessary changed?
- How many staff are involved in the interventions?
- How do you identify children who need the interventions?
- How are the parents informed or involved in the interventions?

12. Complaints procedure

If a parent or carer has any concerns or complaints regarding the care or welfare of their child, an appointment can be made by them to speak to the Head teacher or SENDCO, who will be able to advise on formal procedures for complaint if this is deemed appropriate.

13. In-service training (CPD)

We aim to keep all school staff up to date with relevant training and developments in teaching practice in relation to the needs of pupils with SEND.

The SENDCO attends relevant SEND courses, Family SEND meetings and facilitates/signposts relevant SEND focused external training opportunities for all staff.

We recognise the need to train *all* our staff on SEND issues and we have funding available to support this professional development. The SENDCO, with the Senior Leadership team, ensures that training opportunities are matched to school development priorities and those identified through the use of provision management (see Section **11**).

14. Links to support services

The school continues to build strong working relationships and links with external support services in order to support fully our SEND pupils and to aid school inclusion.

Sharing knowledge and information with our support services is key to the effective and successful SEND provision in our school. Any one of the support services may raise concerns about a pupil. This will then be brought to the attention of the SENDCO who will then inform the child's parents.

15. Working in partnerships with parents

Kinoulton Primary School believes that a close working relationship with parents and carers is vital in order to ensure:

- a) early and accurate identification and assessment of SEND leading to the correct intervention and provision
- b) continuing social and academic progress of children with SEND
- c) personal and academic targets are set and met effectively

We believe that children do their best when staff and parents/carers work together. Parents/carers have a unique knowledge of their child and we encourage them to share this knowledge with the class teacher. Parents/carers are invited to review meetings, Parents' Evening and to contribute to their child's SEND Support Plan. We can always be contacted by parents and carers for an appointment to discuss any concerns about their child and/or the provision being made for their child.

In cases where more frequent regular contact with parents is necessary, this will be arranged based on the individual pupil's needs. If an assessment or referral indicates that a pupil has additional learning needs the parents and the pupil will always be consulted with

regards to future provision. Parents are invited to attend meetings with external agencies regarding their child, and are kept up to date and consulted on any points of action drawn up in regards to the provision for their child. The school's SEND Governor Anthony Stevens may be contacted in relation to SEND matters.

16. Links with other schools

Kinoulton Primary School works in partnership with the other schools in the South Wolds Family of Schools. This enables the schools to build a bank of joint resources and to share advice, training and development activities and expertise.

Transition

We will ensure early and timely planning for transfer to a pupil's next phase of education and, in the year before the year in which they leave, will offer transition meetings to all pupils in receipt of additional SEND support. Pupils with Education Health and Care Plans will have next phase destinations and transition arrangements discussed at plan review meetings. Pupils will be included in all "class transition days" to the next phase but may also be offered additional transition visits.

Pupils and parents will be encouraged to consider all options for the next phase of education and the school will involve outside agencies, as appropriate, to ensure information is comprehensive but easily accessible and understandable. Parents will be given a reliable named contact at the next phase provider with whom the SENDCO will liaise.

17. Links with other agencies and voluntary organisations

Kinoulton Primary School invites and seeks advice and support from external agencies in the identification and assessment of, and provision for, SEND. The SENDCO is the designated person responsible for liaising with the following:

- SEND Inclusion Service
- Rushcliffe Primary SEMH Partnership Team
- Educational Psychologist (EP)
- Social Care and Family Service (Early Help Team)
- Speech and Language Therapy (SALT)
- Healthy Families Team (School nurse)
- Paediatrician NHS
- Occupational Therapist and Physiotherapist via the NHS
- Child and Adolescent Mental Health (CAMHS and the MHST)
- Family SENDCO for the South Wolds Family of Schools (Heidi Ackroyd)

Representatives from voluntary organisations and other external agencies are invited to liaison meetings throughout the year to discuss SEND provision and progress and keep staff up to date with legislation.

In cases where a child is under observation or a cause for concern, focused meetings will be arranged with the appropriate agency. Parents will normally be invited to and informed about any meetings held concerning their child unless there are over-riding safeguarding issues.
